Explanation of the Mastermind Process

Group Affirmations:

Seven Steps Into The MasterMind Consciousness

1. **RECOGNITION** I gratefully acknowledge that there is a loving, creative Power for Good in the Universe, which is active within me, and all others. I now claim my Oneness with that Power which is the Master Mind of my life.

2. **BELIEVING** I believe that there is a Creative Intelligence and Power responding to me, and to which all things are possible. It is not I, but that Spirit within me that doeth the work.

3. **SURRENDERING** I ask the Master Mind to take complete charge of my life, to lovingly and gently change me at depth, for my highest good.

4. **RELEASING** I am honest with myself as never before, and I willingly admit, forgive and release all mistaken judgments, erroneous beliefs and negative emotions that I have directed toward myself or others.

5. **ASKING** Knowing that I am in conscious contact with Infinite Intelligence and my Master Mind partners, I now ask for, and accept help and guidance in the area of Prosperity and Abundance.

GROUP RESPONSE: I know that the Master Mind/Spirit hears our request and it is already Done in the Mind of the One."

6. **RECEIVING** I lovingly and gratefully accept that the Master Mind supplies me with an abundance of all things necessary to fulfill my desire. I know that the miracle working power of the Master Mind has responded to my every need. I assume the same feeling I would have if my requests were already fulfilled.

7. **COVENANT** I affirm this covenant with the Master Mind and I go forth into my life with spirit of enthusiasm, excitement and expectancy. I am at peace.

"There are no limitations to the mind, except those we acknowledge. Both poverty and riches are the offspring of thought."

~Napoleon Hill, Think and Grow Rich

- How does the “water of the spirit” support us?
- What do you think of the “40 days in the desert” experience?
- The desert will often create an experience of being “Pushed by the Pain” and “Pulled by the Vision”. What does this mean to you?
- What mirages have you pursued while in the desert times?
- The story of our journey to Ahiah’s new building is about the demonstration of prayer. What demonstration are you affirming in your life?

Individual Intention Setting & Discussion of Next Steps for the week

Visualization is a powerful technique for creating abundance. Making a physical reminder of your goal can help. Before he was famous, Jim Carrey wrote himself a check for \$10 million for “acting services rendered.” He kept the check in his wallet for five years until he found out he was going to make \$10 million on his movie, *Dumb and Dumber*. In part, by visualizing his success, he started “with the end in mind”.

Here’s how to do it:

1. Write a check to yourself. Include what services you are going to provide to receive this payment. Remember to let go of limiting thoughts on what it takes to receive the amount. You might not have to work as much as you think for such rewards, but action is required.
2. Each day, set aside at least 30 minutes to do some “work” for this payment. Experience the energy and happiness behind the action. Go back to your “role play” with the belief that it’s already who you are.
3. **Fun Alternative:** Include a friend. Write your friend a check as if you were the source and vice versa.

Explanation of the MasterMind Process

A MasterMind Manifesting group is a unique group of people utilizing the MasterMind principles for achieving collective and individual goals. MasterMind Manifesting groups use the power of the One Mind in the following fashion:

"No two minds ever come together without, thereby, creating a third invisible, intangible force which may be likened to a third mind." The human mind is a form of energy, a part of it being spiritual in nature. When the minds of two people are coordinated in a spirit of harmony, the spiritual units of energy of each mind form an affinity, which constitutes the power of the MasterMind."

MasterMind Process

The process of MasterMinding may be likened to the act of one who connects many batteries to a single transmission wire, thereby 'stepping up' the power flowing over that line. Each mind, through the principle of mind chemistry, stimulates all the other minds in the group, until the mind energy becomes so great that it penetrates to, and connects with, the universal energy, which in turn, touches every atom of the entire universe.

A MasterMind may be created through the bringing together in a spirit of perfect harmony, two or more minds. Out of this harmonious blending of the chemistry of the minds creates a third mind, which may be appropriated and used by one or all of the individual minds. This MasterMind will remain available as long as the friendly, harmonious alliance between the individual minds exists.

MasterMind Principles

Every person is a personalized expression of the MasterMind, and therefore has the innate ability to tap into its power, genius and wisdom.

The MasterMind steps are a scientific method of focusing the power of thought for the specific purpose of establishing a direct connection with the MasterMind.

Through the MasterMind process, you combine your own strength with that of at least one other person, as well as that of the MasterMind. This principle is based on the premise that the combined energies of two or more like-minded individuals are many more times greater than the sum of the individual energies involved.

The MasterMind principles also teach that other like-minded individuals can believe for you, and accept as true for you, things you may find difficult to conceive or believe for yourself.

Quotes to Inspire

"Persistent thought about prosperity, and how prosperity is brought to us, will make you a magnet for prosperity. Your prosperity will not be the highest prosperity, it will not be useful prosperity, unless you know how to teach others to prosper.....There must be a free giving of your Truth or the world may wait another million years for the wretched poverty of it's people to be gone."

Emma Curtis Hopkins

"There are two kinds of thinking: right thinking which is due to the action of the Holy Spirit, and wrong thinking which is the reactive think of the human mind. In one process God thinks through us; the other is thinking from our conditioned, limited self. Choose you this day what you will think."

Kathianne Lewis

"Divine abundance is forever manifesting in my affairs. Today I expect every good thing to come to me, for I know that Divine abundance is forever manifesting itself in my affairs."

Prosperity Affirmation by Ernest Holmes

A committed giver is an incurably happy person, a secure person, a satisfied person, and a prosperous person."

"There is no such thing as a lack of faith. We all have plenty of faith, it's just that we have faith in the wrong things. ...
